

[Download Setup + Crack](#)

P.J. Barrett is a painfully average 12-year-old kid. Every day is the same: homework, chores, bed. Until one day he finds himself transported into the world of Shimmer. When he wakes up, he's lost his memory. Don't worry, he doesn't remember that he's an alien, but he does remember that he must rescue the queen of Shimmer - and he quickly discovers that there are more problems at the heart of the Shimmer than he originally thought. It's up to him to save his life, capture the five monsters in Shimmer, get back to Earth, and become a hero. Key features: - An epic story driven by exploration and story-based puzzles. - Over 25 tracks composed by Kevin MacLeod. - Beautiful HD art and screen animations. - A lush, immersive atmosphere. - An intuitive text parser. - The "sim" line of games is designed to be played on small screens. - P.J. Barrett has a whole new vocabulary to learn when talking to non-humans in Shimmer. This game is free. If you enjoy this game, please consider buying it from In-app Purchases. • This is a standalone game and does not require a purchased Shimmer video game. • Ability to pause game, minimise to system tray and resume from where you left off. • Save your progress - your progress will be saved once you close the game and can be resumed later from this point. • If you ever need help with the game please contact us via • Share your story with other users, or simply share the link to the game for a friend to enjoy.
